The bank pays you a special credit for keeping your money in a savings account. The credit is called INTEREST. With interest, the money in your savings account grows over the years. The money will grow even more when you make regular deposits to your savings account.

The longer you leave your money in a savings account, the more your savings

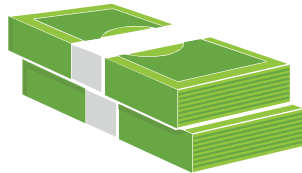

**G - R - O - W!**

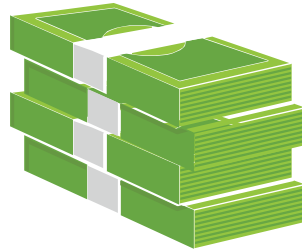

And in 10 years\* you could have this much!

In 5 years\* you could have this much money...

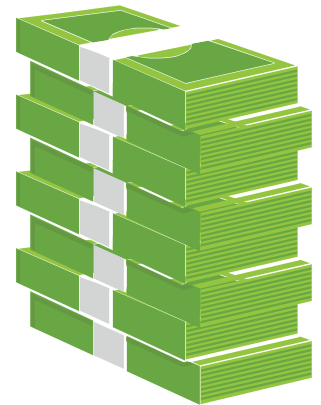

If you deposit this much money...

**\$100**

**\$128**

**\$163**

\*At 5% interest.

**PLUS,**  
the more money  
you deposit the more  
interest you earn!
